Queries from BYM Faith and Practice on Simplicity

In what ways do we respond to prejudice and injustice?

How do we benefit from inequity and exploitation? How are we victims of inequity and exploitations? I what ways can we address these problems?

How do we teach our children and show through our way of living that love of God includes affirming the equality of all people treating them with dignity and respect, and seeking to address hat of God within every person?

Care and Community Committee Report

We held those who needed it in the light.

Spiritual Nurture Committee

Theme of Simplicity: Spiritual Nurture Committee will have a gathering each third Sunday (starts next Sunday) that everyone is invited to.

Treasurer's Report

We exceeded contributions expected last month and we are well on our way for the year.

Financial Stewardship

We reviewed a letter MFM is writing to BYM asking that our apportionment is cut to 10%, we currently pay 30%. Discussion ensued; we want to rework the letter to be softer and more spirit-filled.

Peace and Social Action

PSAC brought the “We Stand Together” pledge again for consideration to meeting. Discussion ensued and the meeting did not come to consensus. This will be held over as some folks have concerns about the wording and also the narrowed scope of the pledge (it only includes Muslims and not other marginalized peoples).

Clerk’s Messages

There has been an idea about changing Business Meeting format. The proposal came up that announcements made in Business Meeting be switched to the end of meeting in an effort to foster a more spirit filled experience in Worship with Attention to Business.

Meeting ended in silence.
