Introduction to today's theme: Diversity.

Care and Community We held folks who need it in the Light.

RE Inquiry from Laura Clark about summer RE camp offerings. The projected dates are from June 28th through July 3. This would be an art camp for elementary age children with older young Friends encouraged to help. The response from meeting is positive and supportive.

TQ Board Annual Report Please see Howard Brod's information that will be emailed on the Quaker Town Crier.

Treasurer's Report Please see Ann Duncan's Report that will be sent at the end of February.

A suggestion was voiced to add information regarding automatic donations for the meeting to the financial report. Howard will send the information out in the Quaker Town Crier.

Building and Grounds Committee The roof and porch are the main concerns for B&G and the Meeting as a whole. In the coming month, B&G will collect bids. We're at the point where the porch and the roof need to be fixed sooner rather than later, but meeting is about \$4000-5000 short before we can continue.

B&G is also looking for extra members, so the call is out for anyone who feels a sincere leading to help B&G.

Peace and Social Action Committee (PSAC) The committee will begin communicating more through the Quaker Town Crier.

Meeting for Nurture sessions will continue next week. The schedule will come out on the Quaker Town Crier.

Spiritual Nurture Committee (SNC) Report The committee realizes its mission is helping the MFM community to grow in its spiritual journey. Committee members are working on their own spiritual journeys as a way to support the community as a whole.

May 9th is the date that SNC is considering for the annual gathering.

Business meeting ended with silence.
