Minute on listing attendees in Meeting for Business minutes

There was no sense from meeting as to whether we should discontinue listing attendees at meeting for business . The item was held over for further consideration. Meanwhile Friends may choose to not include their name on the clipboard that is passed around to record attendance.

Minute on Treasurer's update and Baltimore Yearly (BYM) Meeting apportionment

The meeting is slightly under what we need by this time of the year; by \$238, or put another way we only received 82% of what we required in April. BYM has lovingly conveyed to us that they accept our decision to pay an apportionment of 10% of our budget, and we should not concern ourselves with our apportionment payment decision.

Minute on 'Spiritual State of the Meeting ' report

Friends provided insights and wisdom regarding the spiritual environment at Midlothian Friends Meeting. Since there was no finalization of these insights into a more formalized report at this time, the Spiritual Nurture committee will bring a draft finalized report back to the June Meeting for Business.
